PROFESSIONAL OBJECTIVE

To build a successful career as a Safety Coordinator by contributing to transport, logistics and workplace safety through effective safety coordination, compliance monitoring and risk management. Passionate about supporting safe operations, promoting a zero-harm culture and continuously improving workplace safety across industrial, warehouse and logistics environments through practical safety practices and data-driven decision-making.

CORE COMPETENCIES

- Conducting HIRA, JSA, route risk assessments (JRM) and workplace inspections across production areas, warehouses, logistics operations and distribution centres to identify hazards and recommend corrective measures.
- Supporting implementation of EHS policies, PPE compliance, Safe Operating Procedures (SOPs), Lockout Tagout (LOTO) practices and Permit-to-Work (PTW) systems during day-to-day operations.
- Assisting in compliance with ISO 45001, ISO 39001, Factory act requirements, Road safety standards and company EHS policies through regular monitoring and documentation.
- Investigating accidents, incidents, near misses and unsafe conditions. Supporting root cause analysis and monitoring corrective and preventive actions (CAPA).
- Conducting safety inspections, behavioural safety observations, vehicle safety checks and workplace audits to improve compliance.
- Delivering safety inductions, toolbox talks, awareness programmes and driver safety sessions for employees, contractors, transporters and operational personnel.
- Supporting emergency preparedness activities including fire safety inspections, evacuation planning, mock drills and emergency response coordination.
- Monitoring transport and logistics safety through route risk assessments, driver fatigue awareness, vehicle safety compliance and safe loading and unloading practices.
- Preparing safety MIS reports, KPI dashboards, audit records, inspection reports and compliance documentation for management review and internal audits.
- Preparing operational reports, dashboards, presentations and performance trackers using Microsoft Excel, PowerPoint and basic Power BI.
- Supporting ERP-based logistics planning, transport coordination and truck allocation for distributors and Distribution Centres while ensuring safety compliance.

WORK EXPERIENCE

Safety Coordinator – Logistics & Road Safety

Hindustan Coca-Cola Beverages Pvt. Ltd. | Jan 2026 – Till Date

- Supported day-to-day Transport Safety and RTM coordination activities across logistics operations, ensuring compliance with company EHS standards and transport safety requirements.

- Conducted Logistics Safety Review (LSR) sessions and assisted in implementing transport safety policies, operating procedures and road safety initiatives.
- Prepared weekly, monthly and periodic MIS reports for the South East Cluster with accuracy, consistency and timely submission.
- Monitored transport safety compliance through the Transport Management System (TMS) and supported timely closure of non-conformities.
- Coordinated transport movements through the Shipy (Sarathi) application by tracking vehicle movements, recording safety observations and supporting operational efficiency.
- Prepared transport safety dashboards, compliance reports and operational performance summaries for management review.
- Maintained safety KPI records including incidents, near misses, vehicle observations, audits, inspections and Corrective & Preventive Action (CAPA) status.
- Supported Route Risk Assessments (JRM/RRM) with RTM personnel, transporters, drivers and operational teams to identify road safety risks and recommend preventive measures.
- Promoted driver safety by monitoring compliance with fatigue management guidelines, defensive driving practices and company transport safety procedures.
- Coordinated with transport contractors and service providers to monitor safety compliance, vehicle documentation and driver-related safety requirements.
- Supported safe warehouse and distribution centre operations by monitoring loading, unloading, vehicle movement, traffic management and housekeeping activities.
- Coordinated with logistics, warehouse, shipping, RTM and transporter teams to resolve operational and safety-related issues.
- Supported continuous improvement initiatives by analysing operational data, identifying recurring issues and assisting with corrective actions.
- Participated in internal and external audits related to transport safety, ISO management systems and operational compliance.
- Prepared audit records, inspection reports and documentation supporting successful GAO audit completion at the Visakhapatnam Green Field Distribution Centre.

Safety Coordinator

National Institute of Fire & Safety (NIFS) | Jan 2024 – Dec 2025

- Supported safety coordination across client locations, industrial sites, warehouses and logistics operations by promoting safe work practices and EHS compliance.
- Assisted logistics safety activities for Hindustan Coca-Cola Beverages Ltd. (HCCB), including weekly and monthly MIS reports for the South East Cluster.
- Coordinated field activities for CMC and DMC operations at HCCB by supporting safety procedures, operational requirements and client-specific compliance standards.
- Conducted HIRA and JSA for production areas, warehouses, utilities and logistics activities to identify hazards and recommend controls.
- Monitored implementation of EHS procedures, PPE compliance, SOPs and Permit-to-Work requirements during routine site activities.
- Assisted in accident, incident and near-miss investigations by collecting information, supporting root cause analysis and following up on CAPA.
- Supported compliance with ISO 45001, Factory Act requirements, transport safety standards, client safety procedures and internal audit requirements.

- Conducted workplace inspections, safety observations and compliance audits, maintaining records and following up on closure of observations.
- Assisted in developing Behaviour Based Safety awareness programmes for forklift operators and truck drivers.
- Monitored daily transport safety through TMS by verifying vehicle, driver, documentation and logistics compliance.
- Assisted in safety training programmes, inductions, toolbox talks and Level-3 Fire & Safety training sessions.
- Prepared inspection reports, observation reports, progress reports, training records and project documentation for client and management review.
- Coordinated project schedules, client visits, field inspections, training programmes and operational activities.
- Supported environmental initiatives including waste management, resource conservation, pollution prevention and compliance documentation.
- Promoted safety culture through employee interaction, awareness campaigns, behavioural safety initiatives and operational team engagement.
- Gained exposure to safety projects for Hindustan Coca-Cola Beverages Ltd., TVS Motor Company, Adani Group, Amazon, Zomato and Dr. Reddy's Laboratories through NIFS assignments.

Jr. Engineer

Arrow Engineering Industries Pvt. Ltd., Hyderabad | Nov 2022 – Aug 2023

- Assisted in designing, testing and implementing electronic systems in accordance with project specifications and quality standards.
- Supported troubleshooting by identifying technical issues and assisting in effective solutions to improve system performance.
- Coordinated with cross-functional teams during project execution to ensure timely completion of assigned activities.
- Prepared technical documentation, inspection records, project reports and supporting documents for review and client submission.
- Supported quality standards by ensuring compliance with project requirements and established work procedures.
- Participated in client meetings, product demonstrations and project review discussions for Central Government projects.
- Contributed to projects for ISRO, Research Centre Imarat (RCI), Rajasthan Atomic Power Station, Madras Atomic Power Station and BHEL.

Executive – Operations

Goinformative Learning Solutions (Startup) | Mar 2021 – Sep 2022

- Supported day-to-day business operations and administrative coordination to achieve organisational objectives.
- Assisted in planning and allocating work schedules to ensure timely completion of operational activities.
- Monitored KPIs and prepared performance reports to support management decisions. Identified process improvement opportunities that enhanced operational efficiency and reduced workflow delays.

- Assisted in recruitment, onboarding and employee coordination while supporting HR and administrative functions.
- Coordinated with educational institutions, universities, government organisations and stakeholders to support business development initiatives.
- Maintained compliance with organisational policies related to documentation, data privacy and operational procedures.
